

MINIARTE INTERNATIONAL PROJECT

In 2003, when I created the Miniarte International Project, the idea was simple: artists from several backgrounds would showcase their Art, in small format, to people from different places.

After 20 years of continuous activity, we have displayed our Art in 5 continents, throughout 45 editions and 18 collections. Around 3000 artists have joined the Miniarte without any selection, traveling to more than 20 countries.

This will be Miniarte's 20th anniversary celebration edition. Join us!
