

MINIARTE INTERNATIONAL PROJECT – 21 YEARS

In 2003, when I created the Miniarte International Project, the idea was simple: artists from several backgrounds would showcase their Art, in small format, to people from different places.

After 21 years of continuous activity, we have displayed our Art in 5 continents, throughout 49 editions and 19 collections. More than 3000 artists have joined the Miniarte without any selection, traveling to more than 20 countries. Due to the climatic calamity that the South of Brazil is undergoing, these rules were adapted, allowing more people to participate. Poets and writers are now welcome, and subscriptions fees were reduced, in order to permit that those who can pay, help the ones who can't.

This will be Miniarte's 50th edition. Join us!
